ABOUT ME

I enjoy turning complex problems into simple, beautiful and intuitive interface designs. I believe in functional design, attention to detail, interaction, experimentation, collaboration and exploration. I deliver intelligent products, engaging experiences and exceptional outcomes for incredible clients across multiple business categories.

EXPERIENCE EDUCATION

2012 - PRESENT

WordPress Developer

ATOM Creative Agency, Dubai, UAE

My primary role is WordPress Developer at ATOM Creative Agency, Dubai, UAE. I'm acknowledged as a hard worker, conscientious and reliable, hungry for knowledge and always striving to upskill.

My responsibilities at ATOM are given below.

- Manage all digital projects while going the extra mile to make sure that we meet the agreed timelines.
- Develop websites adhering to the approved design while adding value through incorporating enhanced user experience and best-in-class functionality. This includes front and back-end programming.
- Maintain websites to ensure all the application modules are running smoothly.
- Program EDM's and newsletters.
- On-Page SEO for client websites.
- Provide answers for all internal and client digital related questions.
